In this first illuminating hour, they'll explore the first "lessons" in this one-of-kind jewel whose images reveal the Universe's Hidden Information. This will *prepare you for the Universal shift that is already upon us!*

First, you'll explore your relationship to the Cosmos .. *you will learn the first two steps to your awakening. Who you really are and what role you play in the Universe.*

In the discussion, you will discover that you are none other than the manifestation of your own thoughts, the product of your decisions, and the consequence of your actions. You'll learn how to create your Life as you would like to live it.

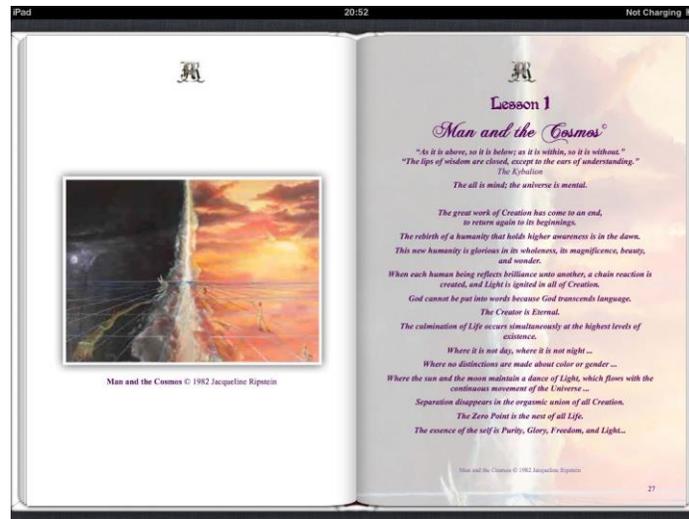

Lesson I. Man and the Cosmos

KEY...This lesson contains the first step to our awakening.

YOU WILL LEARN...

- 1) Who are we? And what role we play in the Universe?**
- 2) What is the Zero Point? And how Are we connected to it?**
- 3) How many hours, minutes, or seconds do you think you live in the Invisible World?**
- 4) How can I prepare to flow in this times of changes?**

The Present exists within the invisibility of the Zero Point.

The lesson within this painting will help us realize that a Supreme Power governs the universe. This lesson contains the first step to our awakening. Wakefulness is the state of being conscious. To realize our connection to the various levels of human existence is an essential step to understanding the vastness of our magnificent essence. We are connected to the material dimension, from the smallest scale of the micro-cosmos to the expanded universal one...the macro-cosmos; from the visible material plane to the invisible where our Spirit shines....

We are beings emanating energy of multiple colors and sounds of Light.

Lesson II. The Architect of your Own Destiny

To pass a test, you need to find within yourself the energy that is creating that test.

KEY...This lesson reveals the second step to awareness, as you learn to put your attention and intention into who you truly are and realize how you want to re-create your life...

YOU WILL LEARN...

- 1) How Am I the Architect of my own destiny?
- 2) What are the lessons of Life?
- 3) How much time do you want to spend on the same lesson?
- 4) So then, how do we see through the shadows within ourselves to find that unresolved negative energy that keeps attracting a complementary test?

The mastery of our lives lies in how we face and transcend its tests.

40

41

This lesson reveals the second step to awareness, as you learn to put your attention and intention into who you truly are and realize how you want to re-create your life. You will learn and discover that you are none other than the manifestation of your own thoughts, the product of your decisions, and the consequence of your actions. You possess free will; you are free to choose and design your own path.

Create your Life as you would like to live it now, in this Present moment. Do not let Life pass you by. We all have a purpose, a calling. Each second that passes by cannot be recaptured.

Our past decisions, thoughts, words, and actions are what makes us who we are today.

In our Present moment we are shaping our future

Lesson III & Lesson IV

Show description: Join Dr. Pat and Internationally renowned artist Jacqueline Ripstein as they take you on a journey through Jacqueline's remarkable book—*The Art of HealingArt*.

You will be amazed how Art images reveal hidden messages..."From the other side..."

The Art of HealingArt is a powerful tool to transform your life and unveil your Light. Each lesson guides the reader into revelations that are life-transforming, a challenge for all who dare to uncover their shadows, thus mastering their lives.

In this inspiring second show, we will explore the next "Life Lessons" in this one-of-kind jewel whose images reveal the Universe's invisible Secrets. This series is dedicated to *prepare you for the Universal shift that is already upon us!*

Life... you'll explore your journey through *Life*-- your journey through the physical world... All that happens to us has a reason, you will learn that Life in reality is a *Spiritual Journey*.

In the discussion of the fourth chapter, you will discover that there is a universal principle of cause-and-effect, action-and-reaction, a Law of Energy that governs all life—*and how you can benefit from it!*

An illuminating hour!

Lesson III. Life.

Drifting from the Present moment can cause us to lose focus in the real world; the world of illusion traps us again and again.

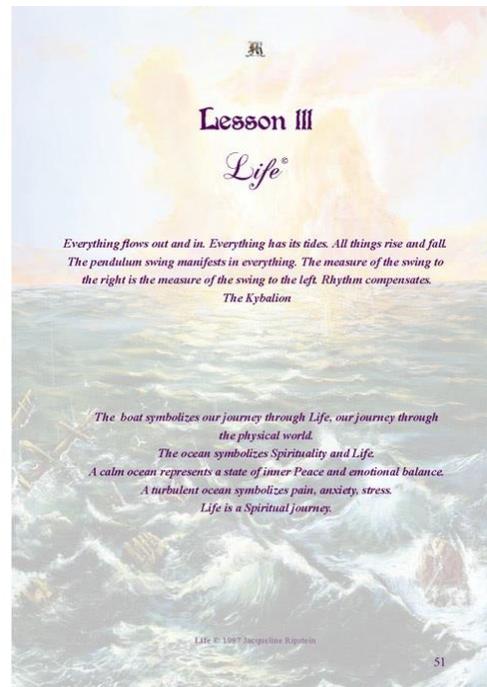

KEY...In this lesson we encounter our third level of awareness...Life itself! As we encounter Life's many tests, we get closer to discovering our Spirit...

Behind the darkness, however, there is always Light. In spite of their destructive power, storms also contribute something positive...Blow by blow, they annihilate the world of illusion, and one by one, they break the egos that falsely fortify our being. Step by step, we uncover the magnificence of our Essential Self.

But what does it mean to be destroyed? What part of our Being feels destroyed?

WHAT WILL YOU LEARN:

- 1) What are the trials, storms, and tests of Life?
- 2) Why are we tested?
- 3) What does growth require?
- 4) What does the image in the visible light reveal to us?
- 5) What appears in the painting with your Invisible technique? And what is the hidden message it gives us?

Life's high tides and storms make us feel beaten. We may face death, loss of health, loss of wealth, feel pain or anger, or both. When we experience any of these tests, we often feel despair.

In this lesson we encounter our third level of awareness...Life itself! As we encounter Life's many tests, we get closer to discovering our Spirit, our true self that lives in our Invisible World. When we awaken to know our Spirit, then the trials, storms, and tests of Life will not crush us.

Our Spirit is Eternal and nothing can destroy it.

Lesson IV. The Burden of Life.

KEY...*The fourth lesson this painting opens the portals to guide us us to learn about Life's purpose and to help us revise the burden we tend to carry.*

Lesson IV
The Burden of Life[®]

The purpose of Life is not to have achieved success by the end of our lives, but to succeed as we live.
Every Human Being is unique.
Our thoughts incite actions, our actions manifest our reality.
We alone are responsible for our own actions;
there is nobody to blame.
Every person carves out his or her own destiny.
The more burdens we carry, the more arduous the ascent,
and the slower we advance.
Every decision we make carries a consequence. One must simply evaluate the price to be paid in that consequence.
Learning from every test of Life leads us to the mastery of our lives.
Those who have succeeded have thoroughly recognized the immense importance of the Divine plan.

The Burden of Life © 1980 Jacqueline Ripstein

66 67

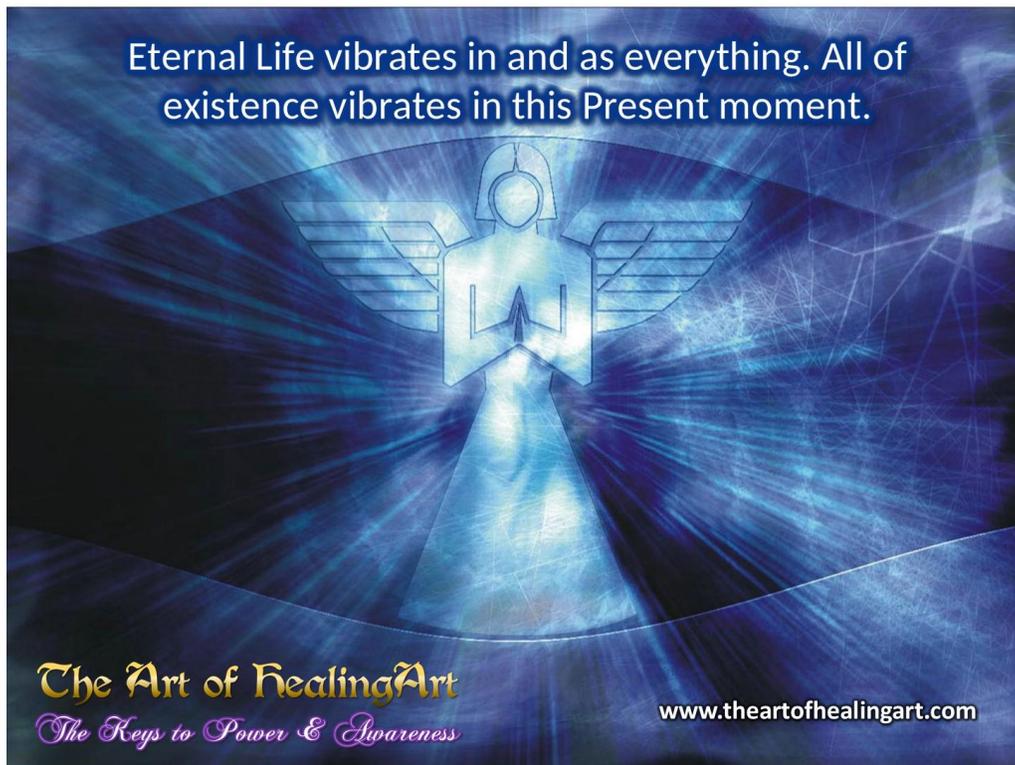

What you will learn:

- 1) What is the main purpose in our life's journey?
- 2) What are life burdens?
- 3) How can I empty my sac of burdens from the Past? Learn to discard all negative experiences.
- 4) What is the difference between a burden and an anchor?
- 5) Have you ever tried to carry someone else's burden...Can this be done?

Everything happens for a reason. Nothing happens by chance

The fourth lesson guides us to learn about Life's purpose and to help us revise the burden we tend to carry. It will teach us to question our- selves about our life's objective and to focus on creating an intention in all that we do. Life offers many kinds of experiences: joyful, loving, fun, and painful, the ups and downs. They all are part of our life journey. Step by step we create our lives.

The road to God is always under construction.

Lesson V. I Am.

KEY...This lesson guides us to a reunion with our Total Presence, to our true knowledge of who we are, and to our connection with our Inner Being.

I Am © 1995 Jacqueline Ripstein

I Am © 1995 Jacqueline Ripstein

79

The Mastery of Life is to realize that within us is Divine Being. Being exists in a state of Peace and Love.

WHAT YOU CAN LEARN:

- 1) ***Who Am I?***
- 2) ***Why are we here? What is my life's mission?***
- 3) ***How do I connect with my I Am Divine Being?***
- 4) ***What does the image in the visible light reveal to us?***
- 5) ***What appears in the painting with your Invisible technique? What is the message of the Invisible image?***

Attempting to be, we move farther away from being until we lose touch with our Inner Being.

This lesson guides us to a reunion with our Total Presence, to our true knowledge of who we are, and to our connection with our Inner Being. It is the connection with the Cosmic Consciousness of the “I Am.” This lesson’s intention is to remind us of, and to restore within us, the awareness of our Original Divine Nature. As we realize this Presence within us, we awaken to it.

The Mastery of Life is to realize that within us is Divine Being. Being exists in a state of Peace and Love.

Lesson VI. The COSMIC CHESS GAME OF LIFE.

Lesson VI

The Cosmic Chess Game of Life

*"Everything is dual. Everything has two poles.
Everything has its pair of opposites: like and unlike are the same.
The opposites are identical in nature but different in degree. Extremes
meet. All truths are but half-truths. All paradoxes may be reconciled."
The Kybalion*

Opposites attract:

- Light / Darkness
- Truth / Falsehood
- Reality / Illusion
- Love / Hate
- Joy / Sorrow
- Giving / Receiving
- Peace / War
- Ascent / Descent

Are we Awake or are we asleep?

YOU decide: Do you choose the road of Light or the road of darkness?

The Cosmic Chess Game of Life © 1992 Jacqueline Ripstein

KEY...This painting reveals to us an essential lesson that helps us grow and realize the mastery of our minds as we learn to transmute lower mental states into higher ones.

WHAT YOU WILL LEARN:

- 1) What is the Cosmic Chess Game of Life?
- 2) What is thought transmutation?
- 3) What are the Universal Forces of Light and Darkness?
- 4) What are the rules of the Cosmic Game of Life?
- 5) *What appears in the painting with your Invisible technique? What is the message of the Invisible image?*

Many times, we become victims of our own thoughts and actions.

This painting reveals to us an essential lesson that helps us grow and realize the mastery of our minds as we learn to transmute lower mental states into higher ones. It's a guide that takes us from unconsciousness states of lack of understanding to conscious living. A lesson that will guide you to turn Dark times into "En-Light-ened" ones. As we learn to drop our egos and vanquish our fears, we rise above all tests of life. We adopt kinder and more inclusive thought processes that lead to the "high road" we want to follow. Learn to control your mind, to unlock your inner power, and you will manifest the life of your dreams.

The solution to resolve suffering lies in restoring our natural state of love and happiness, by recreating a life of Peace and tranquility.

Lesson VII. The Storms of Life

KEY... *The lesson in this painting teaches us about life's storms and trials. To guide us in how to deal and learn from them is the goal of this lesson's enlightenment.*

Storms of Life © 2004 Jacqueline Ripstein

110

Lesson VII
Storms of Life

"Everything flows out and in; everything has its tides; all things rise and fall; the pendulum-swing manifests in everything; the measure of the swing to the right, is the measure of the swing to the left; rhythm compensates"
The Kybalion

*The storms of Life stir our Souls.
To every action, there is always a reaction.
Behind what is visible, there is always something Invisible that subtly activates the material and visible experience.
In Life there is always an advance and a retreat, a high and a low, a rising and a collapse.
There is an increase and a decrease of energy every second in the universe.
Our own thoughts can drown us.
The weight of anger, shot through with pain, can sink us.
Stress can drown us.
Life has its ups and downs, and both embrace a reward for us.
The ups give us high moments of Joy and Love.
The downs teach us the lessons that will strengthen us.
Lack of self-esteem restrains us.
Identifying with the ego misguides us completely.
Living in fear and darkness instead of Light weakens us.
Identifying with material things entraps us.*

Storms of Life © 2004 Jacqueline Ripstein

111

Sometimes storms come by themselves, but too often, it is we who create the storms in our lives...

WHAT YOU WILL LEARN

- 1) What is a storm test? And how do they manifest.
- 2) How do I know that a Storm is coming to my life? Can they be always predicted?
- 3) What facts can create a life storm?
- 4) How can I deal with a life storm?
What can I learn with failure?
- 5) What appears in the painting with your Invisible technique? What is the message of the Invisible image?

The lesson in this painting teaches us about life's storms and trials. To guide us in how to deal and learn from them is the goal of this lesson's enlightenment. Life's storms are diverse, could be: death, a divorce, physical or emotional abuse, betrayal by a friend, or large-scale tragedies such as tsunamis and war. Grieving is a personal and highly individual experience; it is a natural response to loss. Grief is the emotional suffering you feel when something or someone you love is taken from you.

In our material world we deal with many losses that can cause grief: death of a beloved person or pet, divorce, loss of health, loss of a job, or of financial stability, loss of security, etc. Losing someone or something you love or care deeply about is very painful. You may experience all kinds of difficult emotions and it may feel like the pain and sadness you're experiencing will never let up. These are normal reactions to a significant loss, and there are healthy ways to cope with the pain that, in time, can renew you and permit you to move on. A new you will appear after every life storm.

We become vulnerable under the weight of beliefs instilled in us by others. In the midst of life's storms, it can sometimes feel like everything has literally fallen apart.

Lesson VIII. CONFUSION.

KEY... *This lesson will help us disentangle ourselves from old thought patterns, from the past as individuals and as humanity. It will take us on a journey into clarity and consciousness. Beliefs are inputted into our belief system; they are not necessarily ours to being with; they belong to a “program” that is running our lives.*

Confusion © 1977 Jacqueline Ripstein

126

Lesson VIII
Confusion

*According to the Book of Genesis in the Old Testament:
“When man wanted to reach Heaven God confused their language.”
God wanted to punish mankind for its arrogance in building
the Tower of Babel to get to Heaven.*

*Why do we continue speaking various languages without
understanding each other?
Is it the language that separates us?
Or is it the lack of understanding among us, and our false beliefs?
We are all human beings on the journey of Life.
The ego traps us into believing that we have supremacy.
The material World triggers confusion in us, while the Spiritual reality
triggers the Truth within us.
The ego system dwells in and feeds on confusion.
Once we conquer chaos, a state of Inner Peace prevails.*

Confusion © 1977 Jacqueline Ripstein

127

The opposite of being confused is to be clear, balanced, and enlightened.

WHAT YOU WILL LEARN:

- 1) What is Confusion?
- 2) Is Confusion an opportunity?
- 3) Are you ready to let go old beliefs ?
- 4) What blocks our Path?
- 5) How can You obtain Clarity?
- 6) *What appears in the painting with your Invisible technique? What is the message of the Invisible image?*

Guilt is a betrayal of ourselves. It is the path to sabotaging our lives. Guilt is a way of torturing ourselves constantly. To heal it, we need to learn to let go of our self-criticism and replace it with acceptance and self-forgiveness.

Lesson IX & Lesson X

Show description: Join Dr. Pat and Internationally renowned artist Jacqueline Ripstein as they take you on a journey through Jacqueline's remarkable book—*The Art of HealingArt*.

You will be amazed how Art images reveal hidden messages..."From the other side..."

This book encompasses our life's journey. It is a call to raise our consciousness and vibrations. Its purpose is to guide us to reunite with Spirit. Awakening wisdom, it helps you to transcend limiting thoughts, beliefs, and habits. The books mission is to empower you to achieve mastery over all trials of life.

An inspiring show...Don't miss it! In this inspiring show we'll explore the next "lessons" in this one-of-kind jewel whose images reveal the Universe's Hidden Information. This series is dedicated to *prepare you for the Universal shift that is already upon us!*

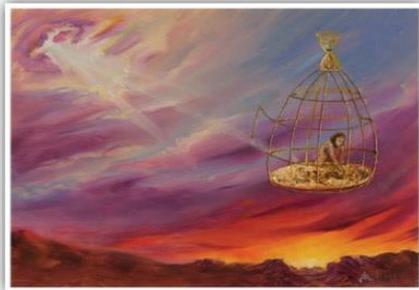

In this hour, you'll learn very important Keys that will guide you to understand how to deal with your ego, your shadows, how to find them and turn them into an opportunity to reveal your Light...to lead you to live the most successful life, reflecting your Light and Colors to others.

Lesson IX. The Jail of the Ego

KEY... This lesson is an essential learning tool for defeating our own shadows so that our Light may shine through.

I wear a mask to fool others so they don't see who I really am, but the only one I fool is me...

The Jail of the Ego © 2009 Jacqueline Ripstein

☉

Lesson IX

The Jail of the Ego®

"The real opposition is that between the ego-bound man, whose existence is structured by the principle of having, and the free man, who has overcome his egocentricity."

Erich Fromm

The most subtle shadow is that of the ego... If you think you've escaped it, look up -- it is sitting on top of your head!

*Temptation traps me...
Greed blinds me...
Wealth fools me...
Vanity nourishes my arrogance...
Pride makes me feel superior...
Selfishness beats me...
Bitterness poisons me...
Envy eats me up inside...
Pain restricts me...
Humiliation makes me feel like a victim...
Revenge gives me the illusion of strength...
Anger takes me out of control...
Fear controls me...*

The Jail of the Ego © 2009 Jacqueline Ripstein

141

WHAT WILL I LEARN:

- 1) *What is the ego?*
- 2) *How does the ego trap me?*
- 3) *How do I get rid of my ego? What is the illusion world?*
- 4) *What does the image in the visible light reveal to us?*
- 5) *What appears in the painting with your Invisible technique? What is the message of the Invisible image?*

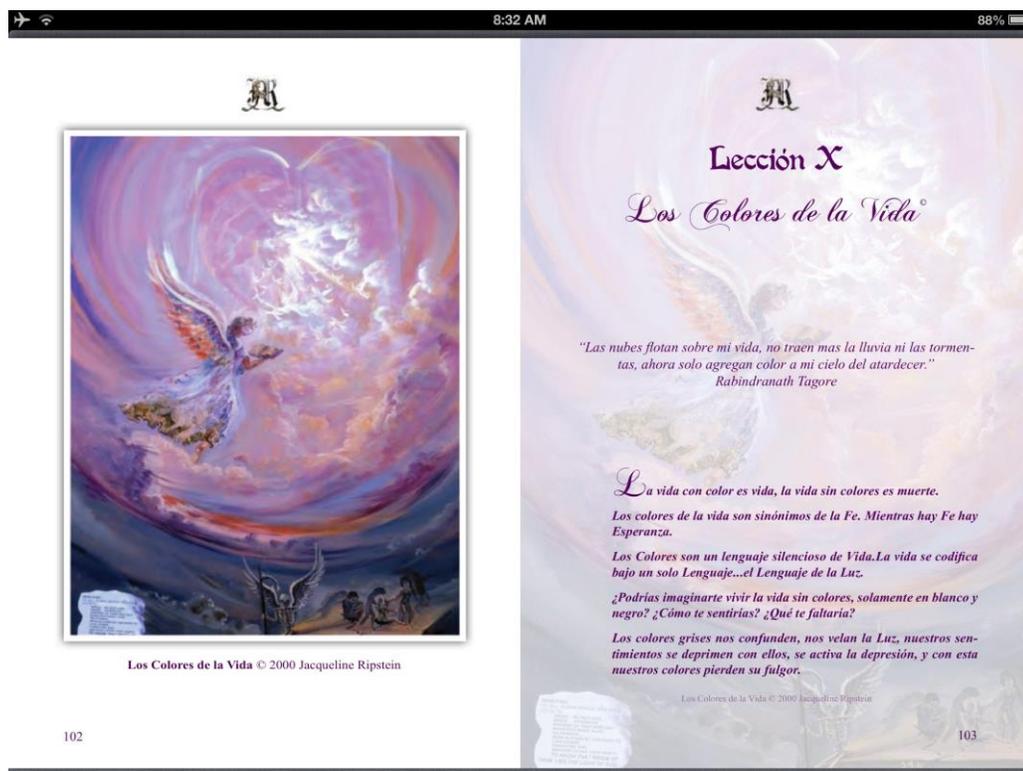

This lesson is an essential learning tool for defeating our own shadows so that our Light may shine through. Our egos trap us in the world of illusion. Appearing to be us, they give us false identities and a false sense of self-worth. As we understand more about the function of our egos, the easier it becomes to take control, instead of letting ego control our lives

Lesson X. The Colors of Life

KEY...*In this lesson we will discover how the Colors of Life move us, marking the rhythm of what we breathe, think, create, love, and live.*

Living in the awareness of creating a positive and balanced life enables us to connect to a clear consciousness and to flow in cosmic harmony.

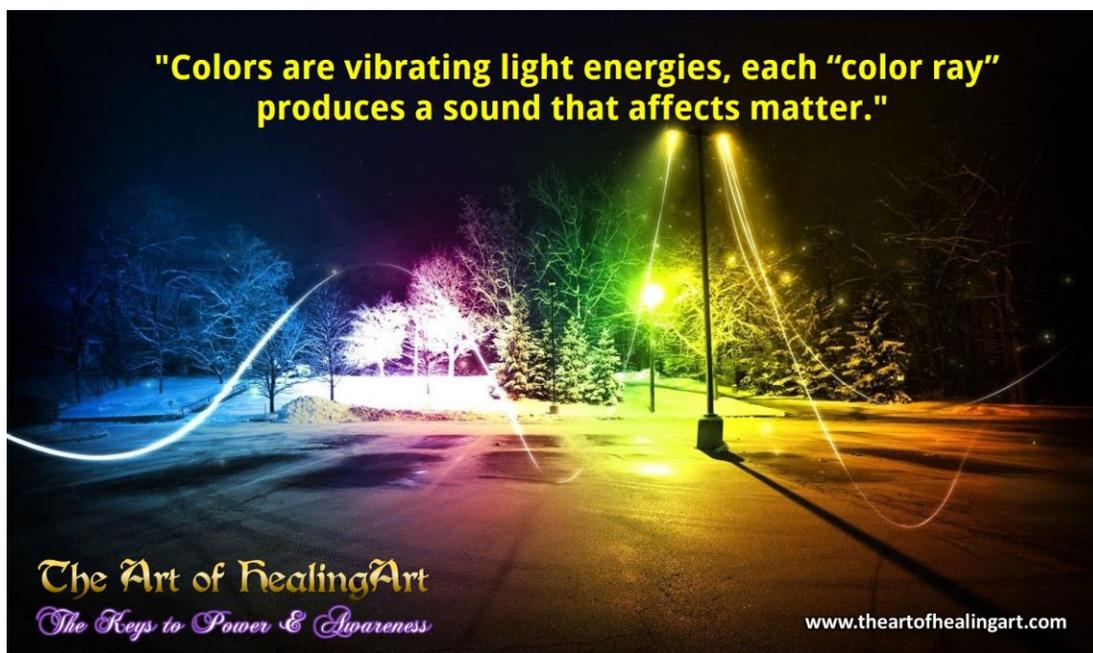

WHAT WILL I LEARN:

- 1) What are the colors of life?
- 2) How do I encounter my own darkness?
- 3) Do I feel trapped by anger? Depression? How do I turn this feelings into a life full of Joy?
- 4) How Am I connected to the Colors of Life? What is the Chakra System ?
- 5) *What appears in the painting with your Invisible technique?
What is the message of the Invisible image?*

In this lesson we will discover how the Colors of Life move us, marking the rhythm of what we breathe, think, create, love, and live. They reflect how we feel. There are low- and high-vibrational dimensions of colors. The low drag us down; the higher vibrations of colors elevate us to the heavens, to the Light. As we focus on the Colors of Life, we balance emotion, thought, and Spirit.

To see life in black and white is to live in life's darkness, trapped in the miseries of our own captivity, where true Being remains inert as a result of a mind closed by illusion and depression. Joy is transformed into sadness, and this state molds our lives. All that we may see remains veiled because of a lack of Light. It is a state of blindness! White reveals the Light and black is the absence of Light.

Creation begins from Light, and it vibrates in multiple dimensions. The level of Light that we connect to will depend on the level of consciousness we achieve.

Life's Inferno © 2000 Jacqueline Ripstein

Lesson XI
Life's Inferno[®]

"It is only when we have the courage to face things exactly as they are, without any self-deception or illusion, that a light will develop out of events by which the path to success may be recognized." I Ching

*There is nothing worse than... Being dead while we are alive...
Being asleep while we are awake...
Letting the beauty of life pass us by, and seeing it through dark glasses.
When we are blind to the beauty of Life, we enter
Hell -- a situation of torment, confusion, or misery.
When we connect to darkness, we're not able to see the Light beyond.
We blame others for hurting us, but the pain we inflict on ourselves
sometimes goes beyond what others do to us.
The ego and its shadows create beliefs that cast us into life's inferno.
We often live internal wars even while peace reigns externally.
Hope, Faith, and your will to live will sustain you even when
your situation seems utterly hopeless.*

Life's Inferno © 2000 Jacqueline Ripstein

169

WHAT YOU WILL LEARN.

- 1) *What is a Life Inferno?*
- 2) *Who falls into darkness?*
- 3) *What us a inhumane being?*
- 4) *how does darkness trap us?*
- 5) *What appears in the painting with your Invisible technique? What is the message of the Invisible image?*

In this lesson we will look into the question of hell. Is it a dimension beyond life itself? Or is it a heavy-vibrational, obscure space wherein humans get imprisoned by their own lower, negative thoughts, feelings, words, and actions? Is it a place where, trapped by their shadows, the egos continuously veil their Light? Enter into an open space of conscious- awareness as you discover the light within darkness.

When we give our power to our weaknesses instead of to our strengths, we fall into the first circle of darkness.

Lesson XII. Masquerade.

KEY...In this lesson we will learn to identify our shadows, how they control us. Discover the illusion world...

We are the directors, producers, and actors in the stage of our life.

Masquerade © 1996 Jacqueline Ripstein

186

Lesson XII
Masquerade[®]

*"The world is a theater curtain behind which they hide the deepest secrets."
Rabindranath Tagore*

*Life is a grand stage where humans appear.
Seconds and minutes pass, turning into years.
Civilizations leave their footprints.
Every action we make leaves an energetic print.
We are actors and actresses in the great theater of life itself.
Tragedy and comedy are opposites, and we are here to experience it all.
We are eternal students because knowledge is so vast.
Teachers continue being students.
We are the directors, producers, and actors in the stage of our life.
The wardrobe changes, but the performance and feelings of the
human being remain the same.
Life is a tragedy for those who prolong suffering.
And comedy for those who smile and rise above trials and dare
to be brilliant.
Stop repeating painful life lessons: learn the lesson and move on...
We are here to discover the reality of love...
Love needs no mask.*

Masquerade© 1996 Jacqueline Ripstein

187

WHAT YOU WILL LEARN.

- 1) What are the shadows?
- 2) How do I encounter my own ego and shadows?
- 3) Do I feel trapped by anger? Depression? How do I turn this feelings into a life full of Joy?
- 4) How Am I connected to the Colors of Life? What is the Chakra System ?
- 5) *What appears in the painting with your Invisible technique? What is the message of the Invisible image?*

This lesson will help you identify more clearly our illusory world and the ego's many identities. It will help us expose our masks, discovering that behind all masks we often find fear and confusion. Without their shield we expose the real us. There is a very fine line that separates laughter and sorrow, comedy and tragedy, pain and suffering. To discover that line is part of our task.

The human being is born naked, without masks.

Lessons XIII, & XIV.

Show description: Join Dr. Pat and Internationally renowned artist Jacqueline Ripstein as they take you on a journey through Jacqueline's remarkable book—*The Art of HealingArt*.

You will be amazed how Art images reveal hidden messages..."From the other side..."

This book encompasses our life's journey. It is a call to raise our consciousness and vibrations. Its purpose is to guide us to reunite with Spirit. Awakening wisdom, it helps you to transcend limiting thoughts, beliefs, and habits. The books mission is to empower you to achieve mastery over all trials of life.

An inspiring show...Don't miss it! In this inspiring show we'll explore the next "lessons" in this one-of-kind jewel whose images reveal the Universe's Hidden Information. This series is dedicated to *prepare you for the Universal shift that is already upon us!*

In this hour, you'll be truly inspired. The last Keys reveal to us the highest levels of Awareness. The presence or absence of Love is what determines the outcome of our feelings and of our whole life's journey.

What is the purpose of painful experiences? The answer is to comprehensively teach, inspire, and empower us toward self-realization as spiritual beings so that we can shine our Light.

Lesson XIII. Eternal Love.

KEY...This painting reveals to us that Love is the Supreme Lesson of life; without love a human existence is empty.

Gratitude is the key to Love.

WHAT YOU WILL LEARN:

- 1) What is the love?
- 2) Is something missing in my life...? Why do I feel lonely?
- 3) How do I learn to love myself first?
- 4) Are relationships the answer to feel fulfilled with love?
- 5) What does the image in the visible light reveal to us?
- 6) What appears in the painting with your Invisible technique? What is the message of the Invisible image?

This painting reveals to us that Love is the Supreme Lesson of life; without love a human existence is empty. The mastery of life is to find that love within ourselves, and then share it with all humans, animals, and all life upon planet Earth. Love has many levels. As we expand our love of self, our capacity to love others grows. As we love others, our capability to Love expands.

When “Love” “easily slides” into fear, that means it wasn’t “Love.”

Lesson XIV. The Garden of the Prophets.

Our role is that of guardians, not of destroyers.

KEY...*This painting's lesson is a guide to help us reveal our magnificence; it shows us how our role in life can affect the whole universal system.*

Lesson XIV

The Garden of the Prophets®

As above, so below; as below, so above...
The Principle of Correspondence states that there is a harmony, agreement, and correspondence between these planes, delineated as:
The Great Physical Plane, The Great Mental Plane, and The Great Spiritual Plane...
The Kybalion.

A glimpse of Heaven...
Knowledge enables Man to reason intelligently from the Known to the Unknown.
Within a human being a whole Universe is manifested.
The Principle of Correspondence portrays the Truth between the laws and energy phenomena of the various planes of Being and Life.
Life's journey is full of varied experiences.
Sometimes we are "up" and sometimes we feel "down."
The Heartbeat of Life... Happens as we flow and beat to the rhythm of life and Love.
We all experience sorrows, joys, hopes, pain, love...All of these states are helpful in bringing us back to our true essence, our Spirit.
Every life experience, without exception, points us to the profound inner mystery that will reveal our Light.
The essence of Light is Infinite and never-ending.
In silence, Spirit reigns over the World.
The Prophet is an intermediary between humanity and Divinity.
All human beings can be prophets if they can perceive God's Light in their hearts.

WHAT YOU WILL LEARN:

- 1) Are there messages sent to us daily?
- 2) How do I realize my Life's Mission?
- 3) What is it that I'm meant to learn in this lifetime?
- 4) How can I help transform our world to be a better world?
- 5) *What are the hidden messages from this painting*

This painting's lesson is a guide to help us reveal our magnificence; it shows us how our role in life can affect the whole universal system. Each living being is an essential link in life's expression, and we each have a unique purpose for our existence. We are meant to be brilliant, to dwell in glory! This painting reveals a powerful key, how we also hold within us the power to destroy. The time has come for each of us to awaken, to realize our responsibilities and learn to honor all living kingdoms.

Those who are aware that we need to pursue a path of Light to benefit humanity will be rewarded for -- and by -- their every good deed.

Lesson XV

Show description: Join Dr. Pat and Internationally renowned artist Jacqueline Ripstein as they take you on a journey through Jacqueline's remarkable book—*The Art of HealingArt*.

You will be amazed how Art images reveal hidden messages..."From the other side..."

This book encompasses our life's journey. It is a call to raise our consciousness and vibrations. Its purpose is to guide us to reunite with Spirit. Awakening wisdom, it helps you to transcend limiting thoughts, beliefs, and habits. The book's mission is to empower you to achieve mastery over all trials of life.

An inspiring show...Don't miss it! In this inspiring show we'll explore the next "lessons" in this one-of-kind jewel whose images reveal the Universe's Hidden Information. This series is dedicated to *prepare you for the Universal shift that is already upon us!*

In this hour the last Key will be revealed to you...Are you ready?

To help create a new world of Peace and Love as a legacy to all beings -- a new world, where our Spirits will flower in our everyday lives. The arts, prayer, and meditation are powerful and wide- open channels through which we may recognize and express our Inner Self, and in so doing, create World Peace.

Lesson XV. Heaven to Earth.

KEY... This Key depicts the entry to your Divine Self. The unity between Heaven to Earth, body & Spirit, and Oneness for all Humanity in Peace.

*The left-brain is about control;
the right-brain is all about freedom and awareness.*

From Heaven to Earth © 2009 Jacqueline Ripstein

Lesson XV
From Heaven to Earth

"All men are by nature equal, made all of the same earth by one Workman; and however we deceive ourselves, as dear unto God is the poor peasant as the mighty prince." Plato

To be in "Heaven" means to have our consciousness vibrate at the highest levels while we are in the physical dimension of life.
As the Light shines through, negativity will be shaken off more forcefully, helping us to relinquish the dark vibrations that for centuries have been activated by the shadows of the ego system.

NOW is our opportunity to reveal our Light.
Our Light is a sparkle of God's Light.
We may be confident of our own shining future and of freeing ourselves from the trap of fears.

Our pursuit of human rights is part of a broad effort to use our great power as we reveal the true Self that shines within all of us.

The arts are our most powerful tool to break away from the boundaries of the mind; imagination liberates us from all boundaries, showing us the path to the Light.
The arts and our creative forces are the bridge to our Divine Being.
Our heart is connected to the Spirit world, while the mind chats through the ego.
Ego weakens us; Spirit strengthens us.
Our breath is our connection to Life.

Meditation and prayer carry us along the boundless road of awakening.
Meditation connects us to our Invisible power.

Gratitude and Compassion are the highest vibrations of Love.
Change starts with...Me, and with You.
Together we can all bring Heaven to Earth.

WHAT YOU WILL LEARN.

- 1) What battle is there to win?
- 2) What is happening in these times of changes...?
- 3) How can I adapt and be part of the New Era?
- 4) Are relationships changing?
- 5) What does the image in the visible light reveal to us?
- 6) What appears in the painting with your Invisible technique? What is the message of the Invisible image?

This is the ultimate lesson. This Key depicts the entry to your Divine Self. This lesson encompasses our life's journey as individuals, communities, and as One Humanity. It's the most fundamental of all life lessons -- to unite Heaven and Earth. This painting leads you on a spiritual journey through its high vibration, taking you ever deeper into the recesses of your inner Being. Its goal is to reconnect you to the Divine within you.

By using our creative ability, we can create in a given moment any experience we visualize. The key issue is not to be scattered, but rather to focus to create it.

"May this book's inspirational messages and art aid men and women to reunite with their Higher Selves, manifesting the Light of Our Creator through every action. Together, we can create harmony among all people, while respecting and restoring balance with Mother Earth and the Universe. May the Light of our Creator shine through our every thought, word, and deed, and may we leave a legacy to our children and their children as we give birth to a World of Peace and Love."
